Inspire, Educate, Invest

BRAND- DANIELA FABBRICATORE DANCE

I founded Daniela Fabricatore Dance (DFD) in 2020. A brand which aims to provide dance education, choreography, and expertise to the dance industry. I have worked with a variety of colleges, intensives, associate schemes and studios across England and Ireland as a freelance creative providing both technical training and choreography. Most recently I have worked with Prima Dance events as part of their industry workshops which aim to offer "spectacular workshop days with the most elite teachers and choreographers in the country". I have also ventured into judging dance competitions as part of DFD and will soon be judging the Dublin heat of the VAD Productions UK and Ireland Tour. I am incredibly passionate about dance, dance education and choreography and I am to inspire, educate, and motivate every dancer I work with, whether this be through technically training them, teaching choreography, or judging them.
